

Этот список содержит имена эстонских евреев, у которых до войны были накопления или ценные бумаги в Палестине, которые до сих пор не востребованы.

Сейчас разыскивают наследников или родственников этих людей.

Имена взяты с сайта организации, которая этим занимается <http://www.hashava.org.il/eng/> Там же есть контактные данные.

**Автор сайта EJA никакого отношения к этим спискам не имеет.** Я просто упростил список и перевел некоторые фамилии с иврита на английский. Ошибки не исправлены.

This list contains the names of Estonian Jews, who had some assets in Palestine before WWII and those assets are still unclaimed.

Israel is now looking for the heirs or relatives of those persons. The names are extracted from the site <http://www.hashava.org.il/eng/> There you can find some contact information.

**The author of EJA site has nothing to do with this list.** I just made it simpler to use and translated some names from Hebrew to English. No errors were corrected.
